6	Convenor	<b>1.Sri B.R.K.Kishore, Lect in Zoology</b>

## Overview:

As part of its commitment to health and well-being, SGK Govt Degree College, Vinukonda, organized a BCG vaccination drive for its teaching and non-teaching staff in collaboration with the Community Health Centre, Vinukonda. This drive aimed at protecting staff members, particularly those over the age of 50 and those suffering from chronic conditions such as hypertension and diabetes, who are at a higher risk of health complications

## Details of the Event:

The vaccination drive took place on the college premises, providing easy access for eligible staff members. The Community Health Centre administered nearly 30 BCG vaccine shots during the event, ensuring that the staff members had a convenient and safe opportunity to receive preventive care. The initiative was part of the college's efforts to create a health-focused environment, recognizing the importance of vaccinations in reducing health risks for vulnerable populations

## Target Group:

The vaccination drive specifically targeted staff members who had crossed the age of 50, as well as those with chronic health conditions, including hypertension and diabetes. By prioritizing these individuals, the college aimed to reduce the susceptibility of its staff to infections and other health complications, emphasizing the importance of proactive healthcare measures

## Execution and Support:

The Community Health Centre of Vinukonda provided professional support during the event, ensuring that vaccinations were administered under proper medical supervision. The staff's participation was facilitated by college authorities, who encouraged eligible members to take advantage of this opportunity. The collaboration between the college and the health centre ensured the smooth execution of the vaccination drive, highlighting the importance of community partnerships in health initiatives

## Impact and Response:

The vaccination drive was well-received, with approximately 30 staff members benefiting from the initiative. Participants expressed their gratitude for the convenience and accessibility provided by the college, which allowed them to prioritize their health without having to leave the workplace. The initiative

not only increased health awareness among the staff but also fostered a sense of community and care within the college

### **Future Initiatives:**

SGK Govt Degree College, Vinukonda, remains dedicated to promoting health and well-being among its employees. The college plans to continue collaborating with local health authorities to organize similar health drives in the future, ensuring that preventive healthcare measures remain accessible to all staff members

### **Conclusion:**

The BCG vaccination drive on 27th June 2024 was a successful endeavor, demonstrating SGK Govt Degree College's proactive approach to staff welfare. The college, with the support of the Community Health Centre, effectively administered the vaccine to the targeted group, ensuring their health and safety. Such initiatives contribute significantly to building a supportive and health-conscious campus community
