6	Convenor	B.R.K.Kishore, Lect in Zoology

## Event Overview:

The Deworming Day event held at SGK Government Degree College in Vinukonda was a significant initiative aimed at promoting the health and well-being of the college students. This event was organized by the collaborative efforts of the Department of Zoology, the Red Ribbon Club, and the Health Centre. The main objective of the event was to create awareness about the importance of deworming and to provide preventive treatment to students.

## Activities and Highlights:

**Distribution of Albendazole Tablets:** A total of 200 Albendazole tablets were distributed to students. These tablets are effective in treating and preventing intestinal worm infections.

**Awareness Sessions:** Prior to the distribution of Albendazole tablets, awareness sessions were conducted to educate students about the significance of deworming. The sessions covered topics such as the types of worms, the health risks associated with worm infections, and the benefits of regular deworming.

**Chief Guest Address:** Dr. K. Srinivasa Rao, the Principal of SGK Government Degree College, graced the event as the Chief Guest. He delivered an inspiring speech emphasizing the importance of maintaining good health and hygiene and commended the efforts of the organizers in promoting student well-being.

**Health Checkups:** In addition to deworming, the Health Centre provided basic health checkups for interested students. This included measuring vital signs such as blood pressure, weight, and height.

**Distribution Records:** Detailed records were maintained to ensure that each student received the appropriate dosage of Albendazole. This was done to track the effectiveness of the deworming program.

## Conclusion:

The Deworming Day event at SGK Government Degree College, Vinukonda, was a resounding

success. It not only provided essential healthcare to students but also raised awareness about the importance of deworming as a preventive health measure. The collaborative efforts of the Department of Zoology, Red Ribbon Club, and Health Centre were instrumental in the event's success, and the presence of Dr. K. Srinivasa Rao added prestige to the occasion.

This event serves as a testament to the college's commitment to the health and well-being of its students, and it is anticipated that such initiatives will continue to benefit the college community in the future.
