**Description of the event:**

As a part of the Deeksharambh, Department of Physics organized an awareness program on Curricular, Co-Curricular & Extra Curricular Activities in the seminar hall on 21st of August 2023. Sri B. NageswaraRao, Lecturer in Physics Elaborately explained the importance and need of Curricular, Co-curricular and extracurricular activities.

In his speech he mentioned that these activities are integral components of a well-rounded education. They offer students a holistic learning experience that goes beyond traditional classroom instruction.

Finally he concluded that Curricular, Co-Curricular & Extra Curricular Activities collectively contribute to a comprehensive educational experience. They facilitate academic learning, skill development, personal growth, and a holistic approach to education. Institutions that prioritize and provide a balanced blend of these activities prepare students not only for academic success but also for becoming well-rounded, socially adept, and culturally aware individuals.
